SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In connection with the above-entitled matter, Applicants wish to bring to the attention of the Patent Office additional prior art received in connection with a International Preliminary Report on Patentability issued in Applicants' corresponding PCT application. Attached is the International Preliminary Report on Patentability. The references are already of record in this case. Thus, additional copies are not being provided. The claims in the present application are believed to be patentably distinguished over these references.

No representation is made that the information thus disclosed in fact constitute prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.

a copy of the International Preliminary Report on Patentability by a PCT Examiner in which the references were cited. The relevance to the pending U.S. patent application is that the references were cited in a PCT patent application on the same subject matter. However, no independent analysis of the reference, the accuracy of the statement of PCT Examiner or the claims of the PCT application under the laws of the country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the PCT Examiner's comments submitted therewith.
